EXCITEMENT AT SARATOGA

CLOSE FINISHES AND ROUGH RIDING LEAD TO WHOLESALE CLAIMS OF FOUL.

The Finn Outstays Trial by Jury in the Huron Handicap by a Small Margin-Feminist in Front-Winning Witch Wins.

Saratoga, N. Y., August 24.—The Huron Handicap for three-year-olds at one mile and three-six-teenths, today's feature race, was marked by quite a bit of rough riding and after The Finn had scored a close victory over Trial by Jury, the result was for some time in doubt. The stewards, after considering a claim of foul and counter claims, finally allowed the result to stand as the horses had inished. Iron Duke, coupled with The Finn, made the pace to the far turn with Trial by Jury in closest pursuit. At this point the latter moved up and took the lead, but at about the same time The Finn, which had been reserved behind the early leaders, also made his move. The two raced closely down the stretch and, after a hard struggle, The Finn finally got up in time to get the verdict by a neck. Loftus, who rode Sharpshooter, was first in the stand with a claim against Trial by Jury, which he alleged had crowded him on the far turn. Then Davies made a claim of foul against Butwell, who rode The Finn, contending that the latter had bumped his mount repeatedly in the stretch. There was no question about there being quite a bit of rough riding in the race, but the stewards' decision seemed to be a just one. The Huron Handicap is for three-year-olds exclusively. In 1914 it was run as Owners' Fund Stake 'G.' at one mile and a quarter. In all other years the distance was one mile and three-six teenths. Its history since its first running in 1901 in condensed form is as follows:

No racing in 1911 and 1912.

When Feminist won the third, over some fair two-year-olds, there was another claim of foul entered by Byrne, who had the mount on Landslide, and which had finished second after being well backed, but this claim also was disallowed. Byrne claimed that Feminist had crowded him to the inner rail right after making the turn for home. The weather was ideal for racing and the track was faster than yesterday, having dried out on top. Well-backed horses were conspicuous throughout the racing and the riding of jockey Lilley was worth mentioning, he having piloted three winners. The boy seems to display better form over a considerable distance of ground than in the shorter races.

races.

Winning Witch won the opener in handy style. It was a handicap at three-quarters and, somewhat outpaced in the early running, she came around the others in the stretch and, under a well-judged ride, got up to win going away.

Old Lahore took the fifth, a selling handicap, over good opposition, leading throughout and at the end was going easily.

William McManus, of Newark, N. J., a well-known follower of the sport, has recovered from his recent severe illness and will remain here for the rest of the meeting.

The condition of Mrs. J. P. Mayberry, who was recently injured in an automobile accident, is reported as being somewhat improved.

The Grand Union Hotel Stakes received such a liberal entry this season and had so many starters at Saratoga Saturday that it exceeded its guaranteed value of \$5,000 by \$200.

Broomvale, which ran second to Sal Vanity at Saratoga Friday, was claimed by R. F. Carman for \$1,390, who thus obtained a good two-year-old seliging plater at a cheap price.

RACING PATRONIZED BY WEALTHY MEN NOWADAYS FOR SPORT'S SAKE ALONE

Saratoga Springs, N. Y., August 24.—Thomas Hitchcock, who is a member of the executive com-

Saratoga Springs, N. Y., August 24.—Thomas Hitchcock, who is a member of the executive committee of the Saratoga Association for the Improvement of the Breed of Horses and well known throughout the United States as a many-sided sportsman, but whose chief activities of recent years have been in the cross-country branch of the turf, is one of those who sees a brilliant future for racing in this country.

"With the meeting at this point entering upon its final weeks," said Mr. Hitchcock, "I am struck forcibly with the increasing interest which is being manifested in the sport not only by those who regard it as a wholesome amusement which keeps them outdoors, but also by the many who come from the cities, towns, villages and the adjacent country. Entirely new conditions confront the turf at the present time as compared with those under which it operated some years ago. The sport then attracted a number of our most desirable citizens, but it can safely be asserted that at no time in the history of racing have so many men of wealth and leisure been interested in racing as at present. Amateur sport has contributed a great deal to this state of affairs, associations like Piping Rock having been instrumental in cultivating a spirit of rivalry which has brought out in the fullest sense the sportsmanlike qualities which are so necessary for success in any sport. Among those who are racing for the pure sport of it might be mentioned: H. L. Pratt, J. E. Davis, the Greentree Stable, the Deep Run Stable. Northwood Stable, under which name the horses of Mortimer Schiff of Kuhn, Loeb & Company are raced; Shoshone Stable, the nom de course of W. R. Coe; Sammel Willits, George D. Widener, Edward M. Weld, John Heard, J. F. Flanagan, Thomas Fortune Ryan, Robert L. Gerry, Edward F. Whitney, a former partner of J. P. Morang and the weak and the season as there is a growing fondness for racing in the best sense of the word. All of these men were unknown to the turf achieve the importance which it deserves.

"There was a time when the

"I was impressed with what Thomas Welsh said

recently about horse breeding in France," continued Mr. Hitchcock, "and also with his suggestion that New York state would be rendering the agricultural communities a service by offering prizes at the fairs for contests between half-bred horses. Mr. Welsh probably had in mind flat racing only and while that would be useful. I think the breed would be improved still more and the market broadened if races over obstacles were added. There is no horse so scarce today in the markets of the world as the fine type of hunter and especially the heavy-weight animal of this class. England's hunter supply has been taken for war purposes—180,000 head of hunters, thoroughbreds (geldings only) and other horses of saddle type having been commandeered since the outbreak of hostilities. If we can breed successors to these horses the market is ours at virtually our own figures provided we teach them the rudiments of the game for which they are intended. Every farmer's boy knows how to ride and if he had the incentive of breeding a horse that could win some of the races at his own fair, and back of that a prospective market for his mare or geldings, it wouldn't be long till we had the keenest sort of sportsmen in the embryo ready for development along proper lines.

"It isn't to be expected that every foal by a thoroughbred stallion from a cold-blooded mare would develop into a hunter, for there is the usual percentage of culls in all lines of breeding endeavor, whether it be horses, cattle, sheep, dogs or chickens, but a great percentage of the failures would no doubt make cavalry remounts for the army, and we are going to need them badly in the near future. The recent aunouncement that the United States government has an option on 700 head of prospective remounts in Virginia, West Virginia and Maryland, where the government's own thoroughbreds, saddlers and trotters have been standing, is hardly satisfying to those who read the times aright. General Scott thought that 2,000 head would be required annually in times of preace. We

Mr. Richard Croker has generously decided to hand over all the stakes won by his horses this year to the funds of the British Red Cross Society.

P. F. Hartigan has left England for India, where he will train Mr. George Edwardes' horses, some twenty of which have already been dispatched to that country.

Mr. Hailey engaged Fred Templeman to ride for one of the leading India stables, and that jockey left for India after the Newmarket racing of August 10 to 12.

Lord Dalmeny, son and heir of Lord Rosebery, and one of the best of sportsmen, has been wounded action. A second lieutenant in the Grenadier action. A second Heutenant III the declara-irds, he has been serving on the staff as A. D. C. some time.

Sir Thomas Dixon, who won the Irish Oaks with Latharna, has bought privately a yearling half-sister to that filly, by The Raft—Westminster Lass, and he has also purchased privately a yearling half-sister to Achtoi (second in the Irish Derby) by Prospector.

In consequence of the abandonment of racing at Doncaster, Messrs, Tattersall will hold the year-ling sales at Park Paddocks, Newmarket, during the fourth extra meeting, August 31 to September 2, fifth extra meeting, September 14 to 17, and the usual October meetings.

The following horses recently purchased from his Majesty the King by Mr. J. Reid, of New Zealand, left Newmarket August 5 for that country under the charge of T. Childs: Sunny Lake, Markhope, Grey Linnet, Symbolism, Flowery Speech, Sprig of Erin, Esther Simper and Winkie.

The profit made over the meeting at Flemington, Australia, in air of the war relief funds amounted approximately to \$12,060, while in donations a sum of \$26,115 was received, making a total of \$38,175. The committee resolved to vote from the funds of the club a sum sufficient to bring the total to \$40,000.

At the annual meeting of the Western Australian Turf Club in Perth, \$15,000 was voted—making a sum of \$20,000 in all—to war and patriotic funds. Mr. P. A. Connolly's proposal that a race meeting be held in aid of the Belgian fund was adopted, and \$2,650 was collected at once. Of this sum Mr. Connolly contributed \$500.

The subscriptions to the Irish Derby, Irish Oaks and Irish St. Leger of 1917 are satisfactory, although no record has been established in connection with any of the events. His Majesty is a nominator. The Irish Derby has secured 105 entries—of which 30 were made by English breeders—the Oaks 82, the St. Leger 71, and the Biennial 64.

In Brisbane, Queensland, Australia, the racing clubs retain totalizator fractions, but as the matter is receiving government attention, the position may be changed. In many quarters it is considered the fractions should be divided among charitable institutions, as is the custom in South Australia. It is calculated that the Brisbane clubs, as a whole, annually benefit to the extent of over \$25,000 through totalizator fractions.

From a communication received by "Deutscher Sport" from Herr U. Von Oertzen, vice-president of the Union Club, it appears that the conditions for races to be run at Hoppegarten during a further period of ten days have been framed. In view of the scant success obtained by singll owners and breeders at the race meetings already run through, special provision will be made in the interests of the smaller stables.

Prior to August 10 there had been 154 races at Newmarket so far this season of the approximate

aggregate value of \$333,650 to the respective winners, the amounts credited to the horses which filled the minor positions not being taken into account. The prizes as regards numbers have been almost equally distributed between Newmarket trained horses and the competitors from outlying stables, 80 being credited to Newmarket and 74 to the visitors. The former have won \$185,160, of which sam \$112,730 represents the value of races of a mile and over, and \$72,425 in races of less distance. Visiting horses were credited with \$98,560 in races of a mile and over and \$49,935 in shorter dashes. The 154 races attracted no fewer than 2,121 starters, but since the meetings on the July Course began in June with the "First Extra" there have been 1,423 runners in 88 races, an average of a trifle in excess of 16 starters each. There are yet a half dozen fixtures in the Newmarket list, giving a total of twenty-two days' racing there before November.

AUSTRALIAN HANDICAP NOMINATIONS,

It is of interest to note that racing in Australia has not suffered in consequence of the war, at least important events to be run at their spring meetings in October and November have not suffered. For the Melbourne Cup, a two-mile handicap of \$150 each, with \$49,000 added, and a trophy worth \$750, the entry is stronger by twenty-one than in each of the two previous years, no fewer than 254 horses having been allotted weights by the handicapper, Mr, W, A. Menzies. For the Caulfield Cup (one mile and a half), a handicap of \$25,000, the entry of 244 is only two less than last year, and fourteen above that of 1913. The Epsom Handicap (one mile) has attracted 203, as against one less last year, and the Metropolitan (one mile and a half) has secured an entry of 185. Turning to the weights, the top weight in the Melbourne Cup is Ulva's Isle's 133 pounds, and there is a 42-pounds margin be tween the son of Positano and those at the bottom of the handicap. These are a strong detachment in point of numbers, the handicapper having allotted the lowest weight of 91 pounds to no fewer than forty-nine of the entry. Last year's winner, Kingsburgh, has gone up from his then weight of 96 pounds to 112 pounds, and the runner-up, Sir Alwynton, 126 pounds has been allowed seven pounds for the beating. Uncle Sam, which won the Caulfield Cup in 1912 and again last year, has 127 pounds in the Melbourne Cup, but in the Caulfield race he has been given the top weight of 135 pounds. Lilyveil, the imported horse, by Martagon, out of Chiffon, has 128 pounds in the long race, whereas at Caulfield he can meet Uncle Sam on eight pounds better terms. No fewer than forty-one imported horses were originally entered for the Melbourne Cup, two of which dropped out before the publication of the weights, being ineligible owing to non-registration. Hitherto the only imported horse that imported candidates may be prominent in both races this year. It is of interest to note that racing in Australia

Cynosure Takes the Steeplechase by Inches-William Walker's Horses Score a Double for Him-Jockey Connors Injured in a Fall.

Ottawa, Ont., August 24.—The second and final meeting of 1915 under the auspices of the Connaught Park Jockey Club was ushered in this afternoon under ideal conditions of weather.

A card which embraced seven races, and was featured by a race through the field, attracted a good crowd to the course. Large and well-balanced fields took part in each race and good sport and keenly contested racing was the result. The track, which had been drenched by severe rains during the past few days, dried out considerably this morning, but was still decidedly on the slow side.

A nose finish came out of the running of the steeplechase, in which Cynosure, showing a smart performance, got up in the closing strides to beat Stucco. The finish was the closest of the day and the winner remained in doubt until the official placing was displayed.

An accident attended the running of the second race, in which Barka was caught in close quarters next to the rail and sent to her knees. Jockey J. Connors, who had the mount, was sent to a hospital in Ottawa, suffering from bruises and a severe shaking up. Examination showed his arm to have been broken.

Mike Gorman, who arrived from Saratoga this morning, reported that he had all but closed negotiations for the sale of Golden Jug, which is being schooled for the steeplechase field.

W. T. Martin, trainer for Amos Turney, reports that three of his horses, May McGee, Bambi and Balko, were taken with sickness while being shipped from Windsor and he will be on the shelf for some time to come.

The stable of Willam Walker accounted for two of the day's purses with Mona G. in the opener and Redland in the fourth.

CURRENT NOTES OF THE TURF.

James Johnston has purchased a half interest in the steeplechaser Rock Fish from W. M. Carter. The stewards of the Jockey Club have tabled L. Blume's application for a trainer's license and have refused a jockey's license to P. Ford.

John J. Mulrenan has leased the racing qualities of the filly Payente from Edward H. Best to January 1 next.

R. F. Carman has bought the mare Azyiade from J. W. Hedrick. This mare was claimed by Hedrick out of a selling race on Wednesday and it is presumed was sold at a profit.

A sister to Dominant, which has been given the name of Diversion, is one of the yearlings in the stables of McKinney & Corrigan, which are now being broken at Churchill Downs.

The stewards of the Jockey Club have again denied Arthur Carter's application for reinstatement and have refused applications for jockey licenses from J. Glass and C. H. Shilling.

Dr. A. W. McAlester, former dean of the school of medicine of the University of Missouri, plans to give up the breeding of thoroughbreds in the near future. His breeding establishment is located at Columbia, Mo.

J. Cheever Cowdin, crack polo player, has been appointed associate judge for the San Francisco Exposition meeting. Walter B. Jennings is presiding judge and A. Sidney Ashe is the other member of the board. A race for army officers mounted on thoroughbred horses will be one of the features of the week's program and a race for amateurs will be run next week.

P. J. Millett has writen The Kentucky Sales Co, that he has decided to sell all his thoroughbreds and has consigned them to the sale at Lexington, September 14 and 15. Besides his broodmares, the lot will include yearlings by Ballot. Peep o'Day, Transvaal, Bourbon Beau, Ormondale, as well as yearlings by Jack Atkin and Dick Welles. R. T. Wilson, president of the Saratoga Association, owns two daughters of Gold Lace, the dam of Big Smoke, which finished third in the Grand Union Hotel Stakes. They were bought at a bargain at the Macdonough closing out sale. Both have been mated with Mr. Wilson's Olambala, a grandson of the Epsom Deryby winner, Bend Or.

Harry Morrissey, starter on the Kentucky circuit, is a native of Ireland. He was born in Dublin in 1876. His parents settled at Gloucester, N. J., and in 1888 he went to the famous "Snip" Donovan as an exercise lad. In 1899 he first donned the colors as a Jockey, and he rode successfully until the fall of 1900, when his rapidly-increasing weight put him out of the saddle. The following year he became an assistant to starter Mars Cassidy and was with him until 1911, when he became a starter himself.

The exhibition given by C. K. G. Billings of the speed of Uhlan under saddle at Saratoga Saturday prevented that sportsman from seeing the running of the Grand Union Hotel Stakes—it was such hot work that Mr. Billings had to return to town to change his clothes and cool out. The great trotter moved splendidly under the skilful riding of his owner, and the crowd cheered as he stepped several times over the grass stretch in front of the stand with his black tail waving like a flag.

After Andrew Miler's Roamer had beaten Harry Payne Whitney's Borrow at Saratoga Saturday, Mr. Whitney figured in an incident which well illustrates what a true sportsman he is. Turning to a friend he said: "Much as I should have liked to have seen Borrow win, it would have been a shame to deprive Roamer of the victory for which he fought so hard." It was the tribute of a game racing man to a race horse of quality that was conceding weight to every horse in the race and shows that the owner of Borrow is a cheerful loser as well as a graceful winner.

row is a cheerful loser as well as a graceful winner. A floral horseshoe rewarded the winner of the Grand Union Hotel Stakes at Saratoga Saturday and Foxhall P. Keene was smiling broadly as he had his photograph taken while standing near the floral piece at the finish of the race. The result of the race reminded old-timers of the days when William C. Whitney and James R. Keene were rivals on the turf. In those days they often finished first and second in the rich two-year-old stakes. The sons appear to be taking after the fathers in this respect. Thomas C. McDowell was almost as pleased at the victory of Puss in Boots as was Mr. Keene. Mr. McDowell bred Puss in Boots and is the owner of the mare Star Cat, which also is the dam of Star Jasmine, a dual winner at the current Saratoga meeting.

GENERAL NEWS NOTES OF THE DAY.

Following Italy's declaration of war against Turkey, transports laden with troops and escorted by warships have departed from Naples, Syracuse. Taranto and Brindisi for an unknown destination. They sailed under sealed orders. It is generally believed that they are to be employed for operations against Turkey. The fact is disclosed that joint military action by Italy with England, France and Russia against Turkey was arranged by the Italian General Pirro during his visit to the Angiptent front in July. Plans studied then, it is said, can immediately be put into action.

President Wilson is concerned deeply over the effect of the listing of cotton as contraband by the British and French governments. He is not satisfied that the American growers and shippers will be able to market the crop to advantage even with the promised help held out by the English authorities. It is stated at Washington that the president has begun the-draft of a vigorous protest to the English and French governments at the action they have taken, to be coupled with a general claim of the right of the United States to deal without hindrance with all neutral nations.

A dispatch of August 13 from Mexico City, traceptivited by course to Vera Cruz and reaching

hindrance with all neutral nations.

A dispatch of August 13 from Mexico City, transmitted by courier to Vera Cruz and reaching New Orleans Monday says: Deaths by starvation continue in this city and most conservative estimates place them at twenty-five a day. A visit to the various hospitals by a representative of the American Red Cross discloses that for the first three days of August twenty deaths from starvation were recorded. This number did not include the many who died in the streets from lack of food.

From Berlin a dispatch says: Official reports

who died in the streets from lack of food.

From Berlin a dispatch says: Official reports from Sofia and Constantinople state that Turkey and Bulgaria have signed a new treaty, Turkey granting Bulgaria her desired direct railroad consection with the sea, and Bulgaria agreeing to observe a benevolent neutrality, if not more. This demonstrates the definite failure of the efforts of the entent powers to revive the alliance of the Balkan states and induce them to join the war against Turkey.

An Amsterdam dispatch says that from a source which is often well-informed, the information is given out that a new big peace scheme is now in course of development in Berlin, the nature of which is not disclosed. It is said that it will not take the form of feelers in the neutral press and other neutral quarters as hitherto. If the plans do not miscarry the scheme will be disclosed to the world in about two weeks.
